TOTO USA conducts regular and thorough 3<sup>rd</sup> party scans of the internet to monitor advertised pricing and to identify websites and online retailers that are in violation of this policy. As violators are identified, the following actions will take place.

### **Violations:**

**First Violation:** TOTO USA, Inc. will notify the violator that they are in violation of this policy. This notification will stipulate that they are expected to conform to the policy within five business days. Should the violator not conform within that time period, the privilege of and previous permissions granted authorizing use of any TOTO copyrighted material, including photographs, in any form on the violator's web site will automatically be revoked. Further use of these materials will be viewed as a violation of TOTO's proprietary and intellectual property rights. The violator and the violator's Internet Service Provider will receive a Cease & Desist letter to this effect demanding that they remove the copyrighted and proprietary materials from the site within 5 business days. If after such period of 5 business days these materials have not been removed, TOTO USA, Inc. may, at its discretion, choose to pursue legal action for violation of its copyright and proprietary material rights. The violator will not be permitted to resume use of the copyrighted material and proprietary material until they receive express, written permission from TOTO USA, Inc.

**Second Violation:** TOTO USA, Inc. will notify the violator that they are again in violation of the policy. In addition to the continued ban on use of copyrighted and proprietary materials, TOTO USA, Inc. will refuse any purchase orders and suspend shipment for a period of 30 days of the products that have been advertised in violation of this policy. TOTO USA, Inc. may also elect to place a notification and warning on its web site that identifies the offending site as operating outside of TOTO's approved policies and therefore not viewed as a TOTO-supported site. This will include revocation of any Authorized Online Retailer Certification.

**Third Violation:** Upon notification of a third violation TOTO USA, Inc., may exercise its right to terminate the Master Purchase Agreement with the offending party. The privilege of using TOTO's copyrighted and proprietary materials will also be revoked and continue indefinitely.

This policy is being implemented to support the brand in a manner consistent with TOTO's brand strategy and to help provide maximum value of the TOTO brand to businesses selling our products. With that in mind, we recognize that our direct customers have some responsibility in this area too. Therefore, TOTO USA, Inc. customers must inform all of their customers who are resellers of TOTO products on the internet of this policy and of TOTO's expectation that they will conform to it. All TOTO USA, Inc. customers will be viewed in violation of this policy if they sell to third parties who are themselves in violation of this policy.

From time to time, when TOTO is investigating compliance issues with third-parties, we may request information from our direct customers regarding their WASHLET, NEOREST, Connect+, and Tornado sales to these non-compliant third parties. In those cases, in order to be compliant with this policy, the TOTO direct customer must provide us with information pertinent to the inquiry. Under no circumstances will this policy require that our direct customers provide information that is not strictly limited to policy compliance issues.

This is a unilateral, non-negotiable policy. No employee or representative of TOTO USA, Inc. is authorized to change or modify the policy in any way. Each TOTO customer or reseller is free to decide whether to adhere to the policy and are free to advertise or sell TOTO products at any price they choose. TOTO USA, Inc. is solely responsible for the implementation and enforcement of the policy. TOTO USA, Inc. may amend, modify, or discontinue this policy at any time in its sole discretion.

Please take steps to assure that all relevant employees, customers, representatives, agents, or others to whom this policy would apply are made aware of its provisions and its effective date.
