Using only 1 gallon per flush, 1G toilets provide the most efficient flush in the industry.

Uses 100% of water to clean and rinse the bowl using a smaller amount of water more efficiently with a 2.5” trapway and quieter flush. Available in 1.0/.9 GPF or 1.28/.8 GPF.

Water efficient toilets designed with 1.28 gallons per flush or less.

Ultra-smooth ceramic glaze leaves nowhere for waste to cling.

Toilet height that allows for a more comfortable height position across a wide range of users.

Product complies with Americans with Disabilities Act guidelines.

An electronic bidet seat featuring adjustable warm water cleansing, heated seat, dryer, deodorizer and much more.

Air rich water droplets to produce a more comfortable washing sensation and deliver more thorough cleansing with less water consumption.

After each flush, TOTO’s EWATER+ mists the bowl with electrolyzed water, reducing the need for harsh cleaning chemicals.

Using the incoming water supply, PREMIST sprays the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.

No need to touch buttons or handles and never worry about someone forgetting to flush — it’s automatic after each use.

Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

Highly effective deodorizing automatically takes places inside the toilet bowl both during and immediately after use, leaving no disturbing odors.

The moment you approach the toilet, the seat begins rapidly warming to a comfortable temperature.

Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

Material used for lavatories that achieves an extremely thin design yet two times as strong as standard fireclay.

Precise and easy flow control of water based on user’s touch.
PRODUCT FEATURES

WASHLET®+ CLEAN SYNERGY

**CEFIONTECT®**
Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.

**TORNADO FLUSH®**
TORNADO FLUSH not only cleans more effectively, it does so quietly using less water. Powerful streams of water merge and swirl 360 degrees, washing every spot inside the RIMLESS toilet bowl.

**EWATER+®**
Mists the bowl with electrolyzed water to keep the bowl clean without harsh chemicals. EWATER+ cleans the wand and toilet bowl where waste and build up tend to accumulate and create stains that can become permanent.

WASHLET+ FEATURES

**AUTO FLUSH**

**PREMIST**
Mists the bowl with electrolyzed water to keep the bowl clean without harsh chemicals. EWATER+ cleans the wand and toilet bowl where waste and build up tend to accumulate and create stains that can become permanent.

**DEODORIZER**

**AUTO OPEN/CLOSE LID**

**HEATED SEAT**

**DRYER**
Our newest WASHLET®+ toilets now come equipped with the hands-free Auto Flush function, adding to existing automated features and enhancing your bathroom experience. Auto Flush increases cleanliness while eliminating extra steps, giving you peace of mind.
DRAKE® TRANSITIONAL CLOSE COUPLED TOILET - 1.28/0.8 GPF
UNIVERSAL HEIGHT, 12” ROUGH-IN

FEATURES

• DYNAMAX TORNADO FLUSH® utilizes 360°
cleaning power to reach every part of the bowl
• High-efficiency dual flush 1.28 & 0.8 GPF (4.8 & 3.0
LPF)

Ordinary matte ceramics have a reputation for hanging on to dirt, but the unique way CLEAN MATTE ceramics from TOTO are processed means that any clinging dirt can be easily washed away.

**An Elegant Texture You’ll Want to Touch**

With CLEAN MATTE, we achieved a smooth texture that had been impossible with ordinary ceramics, while at the same time, enhancing the design to give off a gentle, silky light unlike ordinary gloss ceramics.

**A Matte Finish with Outstanding Cleanability**

Ordinary matte ceramics have a reputation for hanging on to dirt, but the unique way CLEAN MATTE ceramics from TOTO are processed means that any clinging dirt can be easily washed away.

*Tests were conducted using a water-dampened sponge to wipe away oily grime applied to the ceramic surface.*
EXQUISITELY THIN IS THE NEXT DIMENSION OF BEAUTY

The thin design of LINEARCERAM® harmonizes with any space. Although eye-catchingly thin, it is also extremely strong. Sophisticated and inviting to use, LINEARCERAM is a new paradigm in bathroom aesthetics.

CONVENTIONAL VS LINEARCERAM

Along the thinnest part of the ridge, LINEARCERAM is approximately half the depth of a conventional basin. At the same time, the material has almost twice the tensile strength.
KIWAMI® OVAL VESSEL LAVATORY

FEATURES

- 15-3/4”W x 10-1/4”D x 3-1/8”H
- CLEAN MATTE finish achieves a smoother surface that makes dirt removal easier while improving design (#CMW only)
